

ACCESSIBILITY

Oasis Berco is proud to offer the most accessible Phone Booths, Pods, and Booths in the category.

- Several Oasis Berco units have no threshold, step, or “lip” providing barrier to entry. Most competitors’ units require users to step over a threshold, some as tall as 4”, making entry by persons with wheelchairs, walkers, canes, or other mobility devices difficult or even impossible without the addition of a ramp.
- Oasis Berco offers the widest range of Booth and Pod sizes, as well as the greatest ability to customize its units and furnishings, making compliance with ADA standards more feasible.

The following Oasis Berco units comply with ADA standards with appropriate furniture selections:

Unit	Unit Dimensions*	Door Opening**	Furniture
Linear Team Pod (Large)	79”w x 79”d	32” clear opening door moved from center of Pod to left or right for ADA	Acoustic fabric-lined rear wall with wall-mounted flip top table for wheelchair seating
Linear Team Booth	90”w x 79”d	90” open front	Seated height wall-mounted work surface back wall, or table with one or both sides open for wheelchair seating
Soft Team Booth (Large)	90”w x 79”d	54.5” door opening	ADA-compliant furnishings are available. Speak with your Oasis Berco Customer Service Representative about the options

*ADA requires 5’ turning radius for wheelchairs

**ADA requires 32” clear door opening for wheelchairs
